DETAILED ACTION

Claims 1, 2, 4-10 are pending in this application and were examined on their merits.

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

The Final Office Action mailed 06/28/07 has been withdrawn in view of this new Final Action herewith.

The rejection of Claims 1, 4 and 6-8 under 35 U.S.C. § 102(b) as being anticipated by Kovacs-Hadady *et al.* (1998) has been withdrawn due to the Applicant's amendments to the Claims filed 08/21/07.

The rejection of Claims 1, 2, 4, 6-8 and 10 under 35 U.S.C. § 103(a) as being unpatentable over Kovacs-Hadady *et al.* (1998) in view of Park *et al.* (US 6,316,669) has been withdrawn due to the Applicant's amendments to the Claims filed 08/21/07.

The rejection of Claims 1 and 4-10 under 35 U.S.C. § 103(a) as being unpatentable over Kovacs-Hadady *et al.* (1998) in view of Horonick *et al.* (US 3,678,151) has been withdrawn due to the Applicant's amendments to the Claims filed 08/21/07.

Claim Rejections - 35 USC § 112

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 1 and 4-10 are newly rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. Amended Claim 1 contains the limitation of former claim 2, which was amended on 09/28/06 to include the limitation that the agent is not benzalkonium chloride. There is no support in either the originally filed claims or in the disclosure to support this specific negative limitation and thus it is treated as new matter.

The MPEP states:

Any negative limitation or exclusionary proviso must have basis in the original disclosure. If alternative elements are positively recited in the specification, they may be explicitly excluded in the claims. See *In re Johnson*, 558 F.2d 1008, 1019, 194 USPQ 187, 196 (CCPA 1977) ("[the] specification, having described the whole, necessarily described the part remaining."). See also *Ex parte Grasselli*, 231 USPQ 393 (Bd. App. 1983), *aff'd* mem., 738 F.2d 453 (Fed. Cir. 1984). The mere absence of a positive recitation is not basis for an exclusion. Any claim containing a negative limitation which does not have basis in the original disclosure should be rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. Note that a lack of literal basis in the specification for a negative limitation may not be sufficient to establish a *prima facie* case for lack of descriptive support. *Ex parte Parks*, 30 USPQ2d 1234, 1236 (Bd. Pat. App. & Inter. 1993).

Applicant is notified that the withdrawn rejections above will be reinstated if the new matter is removed from the pending claims.

No Claims are allowed.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).
